

Lightweight mobility solutions

For wherever life takes you

www.efoldi.com

Wherever life takes you, we'll be right here, making sure you have the mobility and freedom to enjoy every moment.

My name is Sumi, and welcome to eFOLDi – Home to some of the world's lightest and most compact folding mobility scooters and power chair.

We strive to help people rediscover their freedom and independence. When my father lost his mobility in a work-place accident some years ago, he simply couldn't find a mobility scooter anywhere, that was easy to use, safe and comfortable – but also lightweight and portable. Undeterred, my father set about designing his own scooter – and that is how the first eFOLDi mobility scooter came to be born! Since then, eFOLDi has developed into a thriving family business, designing and manufacturing innovative mobility products that help make travel simple, achievable and most importantly, fun!

The eFOLDi scooter was also a proud winner of the prestigious 'British Invention Of The Year' award in 2016. At the Virgin Media VOOM competition in 2016, legendary innovator and entrepreneur, Sir Richard Branson, even named the eFOLDi scooter "folding magic".

Join us in making travel easy and enjoyable again, and let an eFOLDi be your perfect travel companion.

Compact

Folds down to 'hold'
luggage size

Robust

Peace of mind with
strong, durable
materials

"I like the independence the eFOLDi gives me, I'm not having to wait for other people - I can go where I want when I want."

Maria, Verified Buyer 

eFOLDi Compass

Stable, Comfortable & Ready for Every Journey

Our first 4-wheel, bi-folding scooter, the new Compass is our easiest, fastest folding scooter yet—designed to make your journeys easier and more enjoyable. Weighing just 11kg (without the battery), the Compass is lightweight, stable and has a surprisingly tight turning circle for a 4-wheel scooter, making it nimble to get around on. Its compact design allows for effortless travel, ensuring you can continue exploring, socialising, and enjoying life on your terms.

Accessories

Make every journey easier with handy extras designed for your comfort and convenience—from storage solutions and protective covers to cushions, attachments, and extra battery chargers.

Innovation

Recognised as leaders in the design and manufacture of ultra-portable scooters and power chairs, we strive to help people rediscover their freedom and independence.

Our products are manufactured using the highest quality materials to ensure they're robust enough to withstand the toughest of conditions and terrain. Our scooter frames are made from high-grade aluminium or magnesium alloys, our high-specification brushless motors deliver exceptional performance, and our batteries use advanced lithium-ion technology, so they're not only durable, they offer outstanding levels of reliability.

Support

All eFOLDi products come with a 7-year battery warranty and 2-year scooter/chair warranty. In the unlikely event of a problem, our UK support centre and servicing team are always on hand to help. They are trained to diagnose and rectify any problems, including warranty repairs and any ongoing service and maintenance requirements.

Home Demos

At eFOLDi, we believe mobility should be simple, stress-free, and tailored to you. That's why we bring the showroom experience straight to your doorstep! No pressure, no hassle—just friendly service and a chance to try out our scooters and power chairs in your own space, at a time that works for you.
